Deputy Director
Central Intelligence Agency
Washington 25, D.C.

Dear Mr. Lloyd:

Thank you for your very cooperative reply of August 25th concerning a postal financial sub-station in your new headquarters. I believe you are considering the possibility of furnishing your employees with such facilities as a bank, drug store etc. I hope you will again consider the postal unit at that time as I know it would be a valuable service.

May I also at this time inquire as to your needs for stamp meter service. If you use these you would find it much more convenient for your messenger to take them the one mile to the McLean Post Office to have the meters reset rather than bring them into Washington. Your comments on this would be appreciated.

With best wishes, I am

Sincerely yours,

Joel T. Broynhill, M.C.
